

<Adviser Name> provide a comprehensive range of assistance and support to retired clients. The package is all inclusive so you won't be billed every time you interact with our business - everything you need, now and into the later years of your retirement is provided whenever you need it. Our retiree service includes the following:

Regular meetings

We realise you will want to be seen regularly, the only question is how often. For most people an annual review meeting is the core of this regular contact but if you (or we) feel that more regular meetings are necessary we can build them into your schedule.

Keeping you informed

During times like these clients have told us they would like to stay close and be kept informed on a regular basis, so that's exactly what we do.

Periodically we will be in contact regarding issues that affect you, just to keep you updated. None of this is long-winded or difficult to understand. If there is anything more complex we'll call and explain it to you directly.

Adviser access

If you need to contact your adviser between review dates we are available via a range of communication options, including:

- » Telephone
- » Email
- » Text
- » Skype
- » Twitter
- » Facebook
- » LinkedIn

“Don't worry if some of these new-fangled options aren't for you. We're still happy to speak to you on the phone or face to face at any time.”

Monitoring progress toward your goals

One of the highest value added tasks an adviser can perform is to simply keep you focused on your real goals and objectives. We'll do that every year at your review meetings.

Introductions to other professionals

If you ever need another professional to deal with a specific issue (e.g. your Will, or a complex tax issue) we have an extensive and trusted network of contacts we can connect you with.

Helping with broader family financial issues

Sometimes other members of your family face challenges that you would like to help them through. These could include things like:

- » Care home funding for your parents
- » Paying for the education of grandchildren
- » Help with property purchase or debt reduction for your children
- » Gifting money safely, down through the generations

We provide advice on each of these matters, as part of our retiree advisory service.
